Date: 28-02-2023

## SCIENCE DAY CELEBRATION

Dear Students and faculty members,

We are excited to announce that the Institute is organizing a program to celebrate National Science Day on **28-2-2023**. This day is celebrated every year to commemorate the discovery of the Raman Effect by Sir C.V. Raman.

To mark the occasion, we have planned a range of activities and competitions to encourage the scientific spirit among our students. We invite all students of all the courses to participate actively in the program.

The program will begin at **2:00 PM** and will include speeches on the importance of science in our daily lives. There will also be various science-related activities, including quizzes and debates. We encourage all students to take part in these activities, as it will provide them with an opportunity to showcase their scientific knowledge and creativity.

We hope that this event will inspire and encourage students to develop an interest in science and appreciate the significant contribution it makes to society.

We look forward to your active participation in the Science Day program.

[Prof. (Dr.) Shafeeq Ahmad]  
Director ATC
