NOTICE FOR SUMMER TRAINING

As per the AKTU syllabus, all the students of B. Tech and B. Pharm. are required to have 3-4 weeks of industrial/hospital training after the I, II, and III years during summer break. This year the IV-year students had sufficient time to complete their training as their examinations for the III-year had been over by 25-6-2022. But the III-year students could not have enough time for their training as their examinations for II-year are over on 16-8-2022. Hence they are required to have their training only for two-week, and the remaining two-week training can be done during Nov. 2022 if their syllabus is completed well before the start of the university exams; otherwise, the training evaluation will be done based on 2-week training.

Hence, all IV-year students must attend their classes immediately without further delay. The III-year students who are in training are required to attend their classes from 6-9-2022 without any further delay.
