Subject: The Y20 Conclave (Youth component of G20) is proposed on 13-14 March, 2023 and TULIP Platform for Students covering, 75 internship stories to be featured

Dear Sir/Madam,

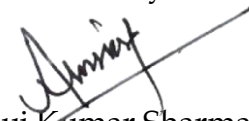

India is celebrating 'Amrit Kaal' commemorating the 75th anniversary of Independence. The Y20 Conclave (Youth component of G20) is proposed on 13-14 March, 2023 and TULIP is preparing a compendium of 75 inspiring and motivational internship stories across the nation. Since 2020, the TULIP platform is enabling students to learn about city governance and municipal functioning through direct engagement with Smart Cities, Municipal Corporations/Municipalities/ City Municipal Councils and Nagar Panchayats working on diverse Government projects, under various departments.

Therefore, you are requested to ask students to give their inputs for the same, to be featured in the book that will be launched nationally. Please share the following Google document and have all interns fill the same by Tuesday (21st February, 2023), 6 pm, mandatorily.
