Subject :- Regarding Free Virtual internship programs for the B.Tech(CSE/IT) 2024-25/2025-26 & MBA 2024-25 passing out batch under the state level MOU signed with Directorate of Technical Education and SmartBridge

Dear Sir/Ma'am,

This is in continuation to the State level MoU signed between Directorate of Technical Education and SmartBridge on 14 March, 2024 regarding Virtual Internship Program (VIP), an industry-partnered initiative designed to bridge the gap between academia and the professional world. The program consists of technical training sessions, self-learning courses, and guided projects under guidance for the B.Tech(CSE/IT) 2024-25/2025-26 & MBA 2024-25 passing out batch for more details please refer to (Annexure-A). Kindly circulate this among the eligible students to register through the given-below link:-

<https://skillwallet.smartinternz.com/uttar-pradesh/virtual-internship-program>

For any query please write on skillwallet@thesmartbridge.com or tnp@aktu.ac.in

Best wishes

(Prof. Neelam Srivastava)

(Annexure-A)

Details and guidelines for Free **Virtual Internship Program**, designed to provide hands-on experience in cutting-edge technologies.

Program Overview:

- Students can enroll in the program based on their interests and register through the provided link- <https://skillwallet.smartinternz.com/uttar-pradesh/virtual-internship-program>
- The program consists of technical training sessions, self-learning courses, and guided projects under guidance.

The list of Virtual Internship Programs of 60hrs. are as below:-

- Business Analysts
- Machine Learning Engineer
- Software Automation Tester
- Full Stack Development
- Database Administrator
- Salesforce developer
- Salesforce Administrator
- Servicenow System Administrator

Step-by-Step Guidelines:

1. **Attend Technical Training Sessions:** Students must attend live virtual instructor-led training sessions as per the schedule to gain hands-on experience in their chosen technology track.
2. **Access Courses:** Students can start self-learning courses assigned in the course section, alongside training sessions.
3. **Access Guided Project:** Students can enroll in guided projects from the provided list and access project templates with step-by-step instructions.
4. **Access Project Workspace & Update Work Status:** Students can access project details, chat with mentors, and update their work status through the Kanban board.
5. **Submit Project & Get Virtual Internship Completion Certificate:** Students must submit project files, a completed project report, and a project demonstration video to receive their internship completion certificate.

Important Note for students:

- Regularly update project task status through the Kanban board.
- Ensure all project deliverables are uploaded to the GitHub repository for mentor review.
- Virtual Internship completion certificates will only be awarded if submitted project files are correct and executable.

Note: The Google Cloud Computing Fundamentals and Generative AI tracks will include only labs instead of guided projects.
